To Whom It May Concern,

George Skokos has been a volunteer with National Capital FreeNet (NCF) since November 6, 2012. His work performance has been satisfactory and he has worked well in a team environment. George has been a volunteer on the NCF Help Desk responding to customer issues and inquiries both over the telephone and through email. In addition, George has configured DSL modems, performed DSL modem troubleshooting and has resolved member billing issues. On occasion, George has assisted members with PC related issues and other IT issues.

George has expressed an interest in applying for a employment position with NCF but has indicated there unresolved issues with previous employment that need to be dealt with beforehand.

National Capital FreeNet is a member-owned, community based organization that provides ISP services and performs benevolent and community-oriented work. ISP services consist of providing High-Speed DSL Internet services, modem sales, web site hosting, blog hosting and the hosting of discussion groups.

Please feel free to contact me if there are any questions or concerns.

Best Regards,

Tony McNeill

Executive Director, National Capital FreeNet
